REGISTER OF CONSULTANTS

APA maintains a register of Diploma Holders who are active consultants, which is available on the website or on request.

CODE OF ETHICS

All students completing the Diploma Course or Foundation Beginners Module are asked to sign the APA Code of Ethics.

We aim to ensure that people going to APA trained consultants are in safe hands!

ASTROLOGICAL PSYCHOLOGY

Astrology is one of the oldest combinations of art and science. Although often misrepresented historically it has become recognised as a valuable tool for the development of human potential. The birth chart is used as a psychological tool helping the development of self awareness.

Bruno and Louise Huber researched and developed this approach in Switzerland over many years, combining selective astrology with Roberto Assagioli's psychosynthesis. Our courses are based on their results and inspiration.

APA

APA is the membership organisation for students of Astrological Psychology and the Huber Approach. It is non-profit making and run by Trustees, together with honorary officers and tutors.

The Association aims to provide courses, and a family of common interest, in Astrological Psychology and the Huber Approach.

MEMBERS

Membership includes access to the members' area of the website where a wide range of information is available, including 'Conjunction', discounts on fees for events run by the Association and discounts on publications purchased from the APA Bookshop. Members also receive notification of events, General Meetings, availability of resources, etc.

Newly enrolled students receive free membership for the current year. Students are expected to remain members while their studies continue. Certificate and Diploma Holders should remain members if they wish to keep abreast of developments.

The annual membership fee is £15, payable before the end of March. We encourage members to pay by Banker's Order to assist in keeping administrative costs to a minimum.

COURSES

We offer Foundation Modules suited to those new to astrology, as well as to those already familiar with it.

Our Modular Diploma Course teaches the theory and practice of the Hubers' psychological approach to chart interpretation for personal growth and working with clients. Its eight Modules are interlinked, but can also be taken separately.

Details of courses are in our prospectus.

ASSESSMENT AND AWARDS

Assessment is on a continuous basis. We look for a high standard of competence. Courses have been approved by the Advisory Panel on Astrological Education (APAE) as meeting the standards required for a Course in Astrology. Our Diploma Course is recognised as offering a professional qualification by the Association of Professional Astrologers.

A certificate is awarded on successful completion of Foundation Modules. A Diploma in Astrological Psychology is awarded on successful completion of the Diploma Course.

PERSONAL GROWTH

Most of our Diploma students not only learn astrology and chart interpretation, but find that the course helps develop their own self-understanding and personal and spiritual growth. Indeed, many undergo profound inner change as they progress through the Course.

EVENTS

We offer a programme of seminars, conferences and workshops which are arranged and run by tutors to meet the needs of students.
